ENERGY

A community energy organisation for Rossendale

April 2026

Who we are...

Rossendale Valley Energy is a community-owned community energy group empowering local people to reduce their home carbon emissions and save money in the process.

We aim to...

- Help people to reduce their energy bills and carbon footprint
- Help people to make their homes warmer and healthier
- Help people to avoid being left behind as we move towards net zero

Redress project - what do we offer?

Summary

- We do in home energy advice visits to support households with their fuel bills and energy use.
- We are creating a platform that will link home retrofit and energy bill costs for houses to give more certainty in bill reduction.
- We are also looking to run workshops/drop ins across Rossendale, so any events or spaces please let us know!
