Social Prescribing is a non-medical, community intervention that improves the health and wellbeing of local residents via the VCFSE sector. Link Workers assess and support clients with a large variety of needs from health to housing, and from debt to welfare, and many other needs too.

In Pendle we are running a Social Prescribing for Children & Young People pilot programme covering the Pendle West Primary Care Network. These figures are displayed on the Health & Wellbeing for Children & Families page.

SOCIAL PRESCRIBING FOR CHILDREN & YOUNG PEOPLE

28 New Referrals	25 Active Cases
11 Closed Cases	43 Active Cases (inc. registered for CVS activities)

Our Health & Wellbeing for Children & Families project was paused in the summer of 2024. BPRCVS is hopeful of securing more funding to recommence the delivery of this project in 2025.

We continue to support children and young people through a pilot Social Prescribing project in the Pendle West PCN area.

Social Prescribing for children and young people is no different to Social Prescribing for adults. We look to improve health and wellbeing via non-clinical, community services.

ADULT SOCIAL CARE

- Depression/Anxiety
- Mental Ill Health
- Social Isolation

The project aims to utilise a model similar to that of Social Prescribing, but in an adult social care context.

The team provides support to people by linking them to activities and opportunities within the VCF (voluntary, community and faith) sector to address their non-medical needs.
