Social Prescribing is a non-medical, community intervention that improves the health and wellbeing of local residents via the VCFSE sector. Link Workers assess and support clients with a large variety of needs from health to housing, and from debt to welfare, and many other needs too.

In Pendle we are running a Social Prescribing for Children & Young People pilot programme covering the Pendle West Primary Care Network. These figures are displayed on the Health & Wellbeing for Children & Families page.

SOCIAL PRESCRIBING FOR CHILDREN & YOUNG PEOPLE

13 New Referrals	16 Active Cases
18 Closed Cases	41 Active Cases (inc. registered for CVS activities)

Our Health & Wellbeing for Children & Families project was paused in the summer of 2024. BPRCVS is hopeful of securing more funding to recommence the delivery of this project in 2025.

We continue to support children and young people through a pilot Social Prescribing project in the Pendle West PCN area.

Social Prescribing for children and young people is no different to Social Prescribing for adults. We look to improve health and wellbeing via non-clinical, community services.
