

Social Prescribing & Social Connectors for Children & Young People

Supported with funding from
NHS Lancashire & South Cumbria ICB.

How can we help?

- We will listen to what is important to you.
- We can be a voice for you, to be heard by professionals such as school or any other agencies who might support you.
 - We can find activities within your local community that might be of interest to you. We always look for free or low cost activities. We can also refer you for further specialist support if needed.
- We will provide an action plan that has activities within your local community that you can access independently.
- We will provide some activities during school holidays, and we will provide a minibus where possible.
- Our hope is that you will make new friendships, gain confidence and self- esteem, learn to believe in yourself, gain new skills, and experience new things.

BPRCVS Activities

Activities are organised around the feedback we receive from the young people we work with. We work with local businesses, services and organisations to run these activities.

Where possible we offer minibus transport. Children and young people must be dropped off and collected from the designated pick up- points in a timely manner if they are using the minibus.

Children and young people are solely responsible for their own mobile phones if they choose to bring them to activities. BPRCVS and the groups we work with are in no way responsible for any loss or damage.

We expect children and young people to be respectful of others. We want you to be able to enjoy yourself and hopefully make some new friends along the way.
