Children and Family Wellbeing Service

HAPPY 1st BIRTHDAY!

The Maden Family Hub

On the 29th of September 2023, The Children and Family Wellbeing Service, alongside partner organisations had the pleasure of launching Rossendale's first Family Hub at the Maden Centre in Bacup. The day was supported by Britannia school children who came along to sing their school song. 40 plus partners joined the launch which proved to be a great success. Families came along to join in craft and games activities. The Oral Health Team offered advice on toothbrushing and provided toothbrushes and toothpaste along with other free gifts. Mental health services and the NHS Health service were available to give advice on a range of issues, including infant feeding, chat to a Health Visitor, and have a health check. Citizen's Advice were available to offer advice and guidance on a range of issues. Adult learning and Home-Start were just a few of the services in attendance. This proved to be the blueprint for our next launch which was in March 2024 at Haslingden Community link.

Haslingden Community Link and Family Hub

Another successful Launch, again supported by a range of partners including GP Practices, who were on hand to discuss the importance of vaccinations for children and to dispel any myths that may concern parents. The afternoon was busy with lots of activities and this time we were treated to a performance from the Rossendale Ukulele Band. Haslingden Community link offer a range of activities including fitness classes.

Rawtenstall Family Hub and The Zone

The launch for the Family Hub and Zone at Rawtenstall was included as part of the Family Fun and HAF program, over the Easter break families enjoyed lots of fun activities with an Easter theme and for our older children and young people there was a Climbing wall, Bushcraft and Archery. Information about partners organisations and the services they offer was available for families.

Some of the Hub Partners

The aim of the organisation is to support people who have suffered or who are at risk of suffering domestic abuse, through the provision of support, advice and accommodation. We will work with victims and their families to secure the safety of those affected by domestic abuse and support their development so that each individual is helped to grow and fulfil their potential into the future.

Rossendale Valley Energy is a community energy group founded in 2022, with the help of local community members and support from Valley Heritage. We are a community-led, not-for-profit group unique to the Rossendale Valley. We aim to help Rossendale live in warmer, healthier homes without extra cost and improve our fuel security in a fair and affordable way.

We're an independent charity, based in Chorley and working for the people of Lancashire. Our committed and energetic team of staff, trustees and volunteers are passionate about making a difference to the mental health of people living in Lancashire.

Home-Start is a local community network of trained volunteers and expert support helping families with young children through their challenging times. We are there for parents when they need us the most because childhood can't wait.

BE FREE (Support for Children & Young People) is Pendle's and Rossendale's specialist support provision for young victims of domestic and sexual abuse.

We support children and young people aged 4 – 18 years old who have been subject to domestic and sexual abuse within their family or relationship, directly or indirectly from a family member, partner, or former partner.

Rossendale Leisure Trust is a community-driven organisation dedicated to promoting active lifestyles and wellbeing across the Rossendale area. With a range of facilities, fitness programs, and activities for all ages, the trust encourages participation in physical activities, from gym sessions and group classes to swimming and sports events. Their mission is to create accessible, welcoming environments that foster both physical and mental health, helping individuals and families stay active while connecting with their local community.

Look out for the following specialist workshops:

Rossendale Family Hub Network - Workshop for front line staff

Rationale:

Working on the principle that 'no door is the wrong door', the Rossendale Family Hubs Network Partnership group aim to ensure that all front-line staff across the network, feel confident in their ability to support any child, young person or family that ask them for help.

Aim

For front line staff to have a good understanding of The Family Hubs Network purpose; the services on offer and how to access these services; how to access the information; and to recognise their place in supporting the success of the Family Hub Network.

Date - Thursday 21st November Time – 1 – 4.30pm **Venue** – The Maden Family Hub, Rochdale Road, Bacup. OL13 9NZ
